

University of Torino

# PhD program in PHYSICS

The PhD program in Physics at the University of Torino offers

- ✓ high-level research training in many experimental and theoretical fields
- ✓ 3-year fellowships (17500 €/yr)
- ✓ a broad set of educational opportunities
- ✓ close collaboration with national research institutes (INAF, INFN, INRiM, CNR, etc.)

The Physics Department in Torino has a long-standing tradition of excellence in many areas of physics (see [www.df.unito.it/do/gruppi.pl/Tree](http://www.df.unito.it/do/gruppi.pl/Tree)) and since 2018 it has been officially awarded as a Center of Excellence by the Italian Research Ministry.
